Sir - Messrs deliver Mr David
May or Scammon, 1/2 doz copies, more or less, as he

on our account
G & C Merriam

Springfield, Dec 1 - 1841

Urn Sir - We send an order on the
bookeller at Rutavia for copies of two
small books, published by us, which have
proved very popular

We should be glad to have you obtain
the books, & test them, by putting several
copies into the hands of a class in some
school near you

If you recom-
mend them for use in our country, we shall be
glad to furnish any number you may think
it worth while to send to teachers

We have reason to expect they will
be introduced, & also the Day Primer & ~~Childs~~
Guide, published by us, into Kings County, as the
standard books for the public schools

Please retain copies of each with you
yourself, & for any young persons to whom you
may think proper to present them

Henry E. Burdette Esq, Super. of Schools in
Monroe Co, told us he thought he should recommend
the Village Reader, & perhaps the Childs Guide, for
use in that county

We should be much obliged
in receiving an expression of opinion
respecting these books

Respectfully Yours
& Intelligent Reader
